

NewPath's Online Learning Program – Grades 1 - 10

Your Solution for Personalized Learning!

Math

Science

Language Arts

Social Studies

Challenge: *To Provide Your Students with an Engaging, Interactive Curriculum – Customized to Meet Their Individual Needs*

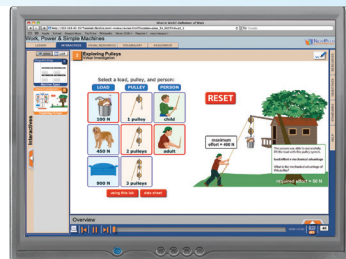

Solution: *Present Personalized, Standards-Based Lessons Using NewPath's Online Learning Program*

Research-based, NewPath's innovative, easy-to-use Online Learning Program provides everything you need to provide your class with interactive lessons meeting the most current national and state standards. The perfect resource for use on Interactive Whiteboards or for individual student instruction via the Web on any computer or tablet, the unique program features –

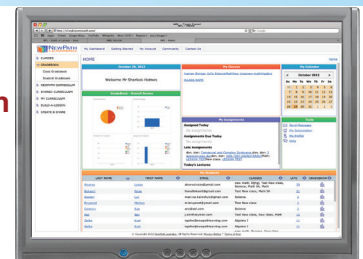

- **Click-and-Play Lessons**

with content specifically designed to meet the Common Core and Next Generation Science Standards.

- **Unique Learning Management System**

to track and analyze student performance.

- **Easy-to-Use Tools & Templates** to create and deliver custom lessons to meet individual class and student needs.

- **Cloud-Based Storage**

to save your lessons for future semesters – or share them with your colleagues.

Use Innovative Teaching Tools to Engage Students and Improve Learning through Differentiated Instruction!

*"We increased from an overall ELA passing rate of 67.6% to **76.6%**.*

*Our overall passing rate in Math increased from 67.5% to **81.5%**!"*

*"The results were amazing; **97.6%** of our students passed!"*

*"**90%** of my students realized 1 to 2 grade levels of academic growth in one year..."*

Affordably-priced, NewPath's Online Learning Program can be used for....

- **Classroom Instruction:**

Extensive library of ready-to-use curriculum resources to deliver illuminating presentations to your class using an Interactive Whiteboard or via classroom computers.

- **Homework Assignment:**

Assign complete lessons or individual learning activities to your students for Web access from home. Monitor performance using the program's automatic grading/reporting capabilities.

- **Flipping the Classroom:**

Extend learning time by providing your students with access to interactive lessons and videos - anytime and anywhere! Free your classroom time to expand upon advanced concepts or engage in collaborative learning!

- **Skills Assessment:**

Conduct diagnostic proficiency testing of student comprehension using pre- and post-lesson testing... with ready-to-use, standards-based assessments or quizzes you develop.

- **Personalized Learning:**

Customize lessons to meet the specific needs of your individual students.

- **Assessment Prep:**

Access the program's 35,000+ standards-based assessment questions by subject, grade, topic and standard to create quizzes, interactive flash cards, worksheets and games!

- **Parental Involvement:**

Parents can access their student's individual account to view assignments and performance – or help them with lessons at home!

- **Resource Archives:**

Organize your curriculum with a color-coded calendar to plan your classes by day, week and month.

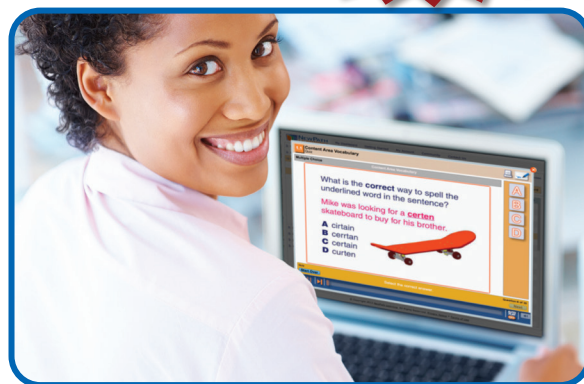

NewPath's research-based program gets results!

Each Premium Classroom Subscription provides each teacher with complete access to NewPath's vast library of ready-to-use resources for **ALL grades and subjects** and up to 150 individual student accounts. Aligned to the Common Core, Next Generation Science Standards as well as current state standards, the program's resources include:

- *Animated multimedia lessons; interactive exercises and activities; virtual lab investigations & presentations for inquiry-based learning*
- *35,000+ Standards-based assessment prep questions*
- *2,000 Interactive Science vocabulary terms*
- *1,000 Illustrated study guides*
- *10,000+ illustrations & images*
