Lesson 10 - Rhyming Words	38
Bonus Pages	42

Teacher Notes

The activities in this guide help early childhood learners develop an understanding of phonemic awareness. They are designed to supplement the study of phonemic awareness skills. Each lesson features a different skill, including initial, ending, vowel sounds and the ability to discriminate letter sounds, division of sounds, syllables, among others.

This guide is an ideal resource for centers, independent work in the classroom or homework. The activities can be used independently for review or as a form of assessment or in combination with other related classroom activities. They are also the perfect complement to *NewPath's Early Childhood Flip Charts*, available separately at www.newpathlearning.com.
